220	I am not a resident, but would ride there from where I live if the roads were safer
221	I just want to be able to ride to the grocery store and work without fear of being hit by a car.
222	I like to bike to Rockwood Park, LaPrade Library, grocery shopping, Post Office, CVS.
223	I live in Charter Colony, if I felt safer I would bike ride up to Midlothian. Cafe Catura, Capital Ale House, Sycamore Square (wow, wouldn't it be nice to have SAFE bike paths in the town of Midlothian and down Charter Colony??Westchester commons shopping and (golds gym at least 4x week)
224	I live in Woodlake I am interested in walking and bike riding for fitness as opposed to going somewhere. We have adequate facilities within my neighborhood to go any where I want to go there.

225	I only ride for recreation.
226	I use to live in Bon Air/grew up there. I get back at least once a month to visit friends and family. When in town, I often bring my bike or I actually bike in from Williamsburg. I know that back roads fairly well, but route 147 and Midlothian Turnpike need lots more bicycle infrastructure! I use the the bike lanes, paths, & trails to commute to work, run errands, and to go out to eat via the bicycle. Hence, if you can develop such bicycling infrastructure in my home community, it will benefit at various levels! (ex. Increased tourism, Increase to community/property values, economic/business growth, the potential for elevating some traffic, and the promotion of more healthy citizens.)
227	I usually go to the city, no box stores and restaurants there like the county

231	It's what I love about living in "downtown" Midlothian near Sycamore Square. I walk to do shopping, eat lunch or dinner, etc. I am a competitive runner and also like the sidewalks, and wide shouldered roads in the area which makes it fairly easy to train. Additional multiuse paths would be fantastic.

I bike at Pocohontas State Park, and have sometimes biked to & from the park rather than drive there. I would have biked to college when I was there (JTCC) if there were facilities to park & lock, as well as showers & lockers.

726	We hit Rockwood frequently because it's great for walking with kids and dogs. I wish there was a nice park further west of Hull. Distance prevents us from going more frequently. Pocohontas is about as far so we don't have many options out in Hampton Park/Woodlake. We grocery shop and attend schools in Chesterfield but usual go to Short Pump to easy out.
